

BC LANDSCAPE TRAINING & CONSULTANCY CC

COMPANY PROFILE

B C Landscape Training and Consultancy was established in 1999 to provide skills to a wide spectrum of the Ornamental Horticultural industry. We specialise in the delivery of training programmes in Ornamental Horticulture, covering aspects of Landscape Maintenance and Landscape Construction.

In addition to these training programmes, we also deliver specialised learnership programmes in Arboriculture, Landscape Irrigation and Interior Plantscaping. Our training programmes in these specializations also extend to the delivery of training in Supervisory Management and Project Management targeted at the Horticultural industry.

We also deliver a range of skills programmes, combining registered industry unit standards, offering training in the application of Pesticides, Health and Safety, Brushcutter Operation, Chainsaw Operation, Horticultural Equipment, Tractor Operation, Irrigation and Invasive Alien Vegetation Control.

BC Sports Turf Skills Development

In 2000, in conjunction with the Sports Turf industry, we developed training programmes in Sports Turf Maintenance, which include training in Golf Course Maintenance, Field Sports Maintenance (Soccer, Rugby), Cricket Pitch Maintenance and Horseracing Track Maintenance.

BC Landscape Training is an accredited training provider with AGRI-SETA (Registration number: 7142), where we are fully accredited to deliver NQF qualifications from Levels 1 to 4 in the following:

National Certificate: Plant Production NQF Level 1	SAQA ID. No. 48972
National Certificate: Plant Production NQF Level 2	SAQA ID. No. 48975
GETC: Horticulture NQF Level 1	SAQA ID. No. 49668
National Certificate: Horticulture NQF Level 2	SAQA ID. No. 66589
National Certificate: Landscape Irrigation NQF Level 2	SAQA ID No. 66429
National Certificate: Landscaping NQF Level 3	SAQA ID No. 66649
National Certificate: Arboriculture Tree Preservation NQF 3	SAQA ID No. 65490
Certificate: Horticulture NQF Level 4	SAQA ID No. 21024

Our training delivery encompasses the requirements of the trainee, where we can facilitate in an African language. The assessment process is outcomes-based, as per National Qualification Framework requirements. The quality assurance systems which we have developed in conjunction with AGRI-SETA, offer our client base a standard of training commitment that provides excellence in learning material, as well as motivational upliftment to the trainees as well as prospective people wishing to enter the industry.

As a company we are a BBBEE Level 1 contributor. 100% of the company is black owned.

We conduct training nationwide.
